

TTi (Thurlby Thandar Instruments) have an exciting opportunity for a **Production Operator** to join their growing team based in Huntingdon, Cambridgeshire.

Job Title: Production Operator

Location: Huntingdon, Cambridgeshire

Salary: Competitive + Benefits

TTi (Thurlby Thandar Instruments) is a leading manufacturer of electronic test and measurement instruments. These products are sold throughout the world via carefully selected distributors and agents in each country.

We are located in Huntingdon near to the famous university city of Cambridge, within one of the high technology areas of the United Kingdom. All TTI products are designed and manufactured at our Huntingdon facility.

As one of our **Production Operators**, you will be required to work within a busy electronics manufacturing environment. You will be assembling electronic components into circuit boards, operate various machinery, carry out visual inspection, wiring and packing.

No experience will be necessary for this **Production Operator** opportunity as full training will be given, however a keen eye for detail along with being an enthusiastic team player and the ability to meet deadlines is key to your success at TTI.

Applicants with similar skillsets albeit from other industries would be considered favourably.

If you wish to apply, please email alex.evans@tti.co.uk for an application form.
